Covington County E-911 Coordinator's Office

Information needed to obtain a physical E-911 address in Covington County:

- The location of the structure (a structure is a house, mobile home, barn, camper, business building)
- A driveway
- Permission from the land owner stating that you can place a structure on their land if you are not the land owner
- What type of structure it will be
- A structure in place or a staked off area with the front door of the structure clearly indicated
- The nearest address to your location
- Your name and contact phone number

Once you have applied for a physical address it will take a minimal of 3 business days to obtain the address

Information needed in order to obtain proof of a physical E-911 Address in Covington County:

- Your physical E-911 address, if you know it
- Your ID/Drivers license
- A current bill or other mail that clearly shows the 911 address
- If you live with someone and they are the only one associated with that address we need them to contact us to confirm this information

If you wish to apply online please email the department at e911-ema@covingtoncountymiss.gov to send in a request.

We can only give E-911 Addresses for Covington County!
